

PASA

Programs for Active Senior Adults

The May meeting attendance was up. The PASA group was served soup, sandwiches and salad from Bella Rose. Topic for the meeting was the movie Young at Heart. We laughed, cried, laughed some more and came away with a good feeling. Homer introduced the group to the game of Pickle of which him and I demonstrated (of course I didn't look as good as Homer! No fair, he'd been practicing!) I ordered the game of pickle, which is like badminton, but with a harder wiffle ball and paddles. Once the kit arrives, I do believe that we can begin a pickle ball club down at the tennis courts at Dearborn. Please don't automatically think "Well, I CAN'T do this, I'm not athletic." This is about getting outside with your friends and playing a game. Relaxing. I have scheduled a few things for the month of July, since my plate was overcometh this month, getting the softball league up and running as well as the summer rec camp and Men's Over 35 Hoop. PLUS, I have been enjoying creating North Hampton's first ever fairy village down at the Community gardens. It was prosper once the kids start creating their own houses and the veggies have grown. So, don't be surprised if I show up with a few tomatoes or cucs.

- *Tai Chi is now offered twice weekly, Tuesdays and Thursdays.*
- *Newmarket Recreation has invited us to their July Jubilee on July 15 from 10am-3pm. There will be presentations, performers, craft tables, lunch, and White Elephant Tables (whatever that is, can someone fill me in????ha ha)*
- *Ogunquit Playhouse; Music Man, Thurs afternoon preview. At 2:30pm. July 21, 2011.*
- *Fee to be announced once I have a committed number of participants.*
- *Wednesday, Line Dancing at 1pm at the Town Hall.*
- *Meeting (or lunch) July 19 at 11:30am. See ya there!*

First person to name this statue on a trip we took wins a \$25.00 gift certificate to McQuirks!!!!

*Congratulations Boston Bruins;
2011 Stanley Cup Trophy Winners*

Person of the Month Ms. Hazel Bauer

In her own words...

“ I was born WAY BACK in 1933 at a hospital in Washington DC. My mother was Edna Bilney Veach and my father Roy Veach. I have a brother Bob who lives near Los Angeles and a brother Paul who passed away 2 years ago. I was blessed with four healthy, great children-- Cheryl, Cathy, Robert and Sandy. I now have 5 grandchildren, Ryan, Ashlie, Colby, Tucker and Samantha. To add even more fun to the family, I have 3 great-granddaughters, Desirae, Brooke and Allie.

Up until about the 5th grade I lived in Hyattsville, MD then we moved to Methuen, MA where I graduated from High School. The trip from MD to MA that my mother, little brother and I made was by train. We had a very small "room". I still remember being in bed listening to the click clack of the train during the night. When I lived in Hyattsville, my friends were Graham and Barbara plus others I forget. We loved to play under the big tree in my front yard, and in the evening it was hide & seek and Rover Red Rover.

I began working for Eastern Air Lines in Washington DC as a radio operator in 1952. The room next to radio room was the teletype room and Peggy my friend worked there. Her brother, Ralph, was stationed across the Potomac at Boiling AFB. Peggy used to borrow his car and I'd ride with her to take it back. That's how I met my wonderful husband. I worked for Eastern 5 years, until I had Cheryl. When Cheryl was 18 months, Ralph was sent to Turkey.

We sold our home in VA, Ralph went to Turkey while Cheryl and I stayed in Exeter with my family. When Ralph returned home, we had the house on Post Road built.

After that I was a stay at home Mom until my next job as a bookkeeper for a plumber in Rye. That lasted about 5 years. Next came my time with the Oral Surgeons---different ones during the years but they were all great.

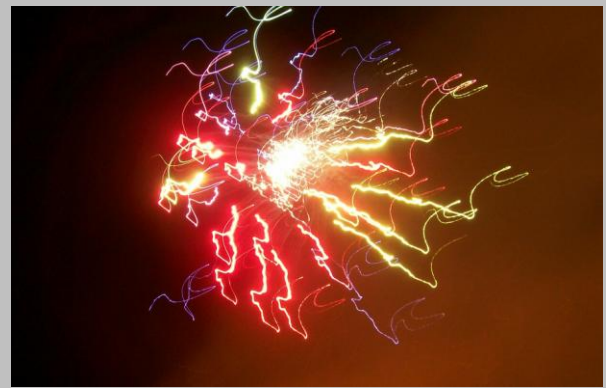

I love the small town atmosphere of North Hampton, the closeness to both the beach and the mountains.

A couple things of history--while working for EAL, Arthur Godfrey flew into DC, using the EAL gate and came through the area where I was working. Also, I went to the Inauguration parade for President Dwight Eisenhower."

A quick note from Diane: The Reunion is Friday night. I am so happy to hear that you still all keep in touch! Since hearing all of this from you, I have reached out to a few of my high school friends and it has been wonderful seeing my "old" friends again and reminiscing. Thank you for your inspiration.

The WinterFest 2012 fireworks has been saved by LOCO Running's generous donation!!!!

August Trips may include:
Cabbage Island for a lobster bake
September may include: Foliage Cruise

Please send your suggestions and if there is enough interest, I will arrange the trip.

Thanks~
Diane

Growing old is a mandatory process. For women, for a period of time, we might even resist aging as we try our hardest to fight off wrinkles and hang on to the physical beauty of our faces.

Yet, getting old is a natural process where things are slowing down, and you'll begin to see that the sparkle in your heart and the twinkle in your eyes make you beautiful in a way that's not achievable in youth.

Age does not diminish the extreme disappointment of having a scoop of ice cream fall from the cone. ~ Jim Fiebig
