## Press Release

# Winter Parking Ban

**North Hampton (NH)** – The North Hampton Police is reminding residents and visitors to North Hampton that the winter parking ban will be in effect beginning November 15 and ends April 15, 2017. During this time vehicles are not permitted to be parked on roads or any municipal lots between the hours of 12:00 am and 7:00 am. Vehicles parked in violation of the ban are subject to being ticketed and towed. In addition, during snow storms or when one is expected an emergency parking ban may be issued. This snow emergency strictly forbids on street parking that would hinder snow removal and the travel of emergency vehicles on state and town roads within the town of North Hampton.

Also as a reminder, Exeter Road in the area of Dearborn Park is posted with no parking signs. This is in response to vehicles parked along the roadway during or after snow storms preventing the State plow trucks from plowing operations as well as parking along the roadway in violation of emergency parking bans that are issued during storms. Having the roadway properly plowed and maintained reduces the risk of injuries to all those using the road. The area has been popular for sledding and the parking has caused safety concerns for both vehicles and pedestrians. People are encouraged to park in the parking lot of Dearborn Park. Vehicles parked in violation of the posted signage are subject to being ticketed and towed.

Information about emergency parking bans can be found by listening to local radio stations or checking the police website. It may also be found posted in certain locations.
