Ref: Seabrook Station Supplementary/Flat Rate Budget Proposal-2015

Attached are a number of documents which I believe will provide the details you need to support our proposed Seabrook Station Supplementary/Flat Rate Budget Proposal for the upcoming Fiscal Year. As I mentioned during our telephone conversation please let me know if there is something awry with the documents, or there are missing documents please let me know and I will correct the problem.

Thank you again to you and Liz for all the help in my first few months as the Emergency Management Director for the Town of North Hampton. I can say without question that I could not have survived without a great deal of assistance from both of you.
