

# Help Protect the Winnicut River!

You are cordially invited to a public meeting sponsored by the  
**WINNICUT RIVER WATERSHED COALITION**  
(a chapter of the New Hampshire Rivers Council)  
to discuss the environmental issues affecting the  
Winnicut River and its watershed, and **how you can help.**

Wednesday, September 15  
Stratham Library  
7-8:30 PM

Tuesday, September 21  
Hugh Gregg Center  
7:00-8:30 PM

Wednesday, September 29  
North Hampton Library  
7:00-8:30 PM

The **nine mile Winnicut River** and **forty two miles of streams** that feed it run through the communities of North Hampton, Stratham and Greenland. This beautiful natural resource empties directly into Great Bay. But all is not perfect in the river or its tributaries. Chemicals and bacteria have polluted some sections; WRWC's goal is to reverse this trend and **improve the Winnicut River's overall water quality.**
