Session began at 10:05am.

Rowden described the approval process for an historic district ordinance. Dates of the next Planning Board regular meetings and work sessions were noted. She suggested presenting a draft to the Planning Board at one of the November or December meetings. The Planning Board submits the zoning warrant articles by the end of January. Jones outlined the advice provided by the Division of Historical Resources and emphasized the goal of the effort is to become a Certified Local Government with access to annual grant funding.

A discussion of the boundaries and the potential impact of an expanded Library building upon the original Library prompted Rowden to mention that Section 106 of the National Historic Preservation Act is applicable to MS4 Stormwater Management permitting.

Meeting concluded at 10:55am.
