

Little Boar's Head Heritage Commission Meeting 1/27/2023

Attending: Suzanne Worden, Margaret Schoenberger, Debby Kanner

Minutes: Minutes from the November meeting approved.

Storage: Margaret updated us on our quest for a location to store our records. The Town Administrator, Michael Tully, will get back to us about the possibility of space at our new Town Office.

Historic Marker: The Little Boar's Head Commissioners have approved the LBHHC request for funds to pay for the LBH Historic Marker. Next step will be to gather 12 signatures from local residents confirming the concept and wording of the marker to accompany the application to the state. Debby will compose a letter of consent for the signatures. Debby will also contact Angela about the application form. Regarding the location of the marker, we are not sure who owns the property directly across from the proposed location. Debby will ask Pat Myers if Union Chapel owns land bordering Ocean Boulevard.

Heritage House Plaque update: Suzanne has finished composing the letter for sending to LBH residents. Members present agreed we should wait until Spring to send it. Margaret has the names and addresses list so she can print labels. She will be able to use mail merge. Suzanne will help Margaret with mailing. Decided that we should include a return envelope for application and check. Suzanne and Margaret will find a date in late March or early April to prepare the mailing.

Zoning Board Meeting: There will be a meeting on January 31st of the Zoning Board. We would like to confirm that they are aware of the continuing encroachment of the public way by the Fish House owners. A member of the LBHHC will try to attend a ZBA meeting either this month or at some point in the future.

Respectfully submitted,

Deborah Kanner, Secretary
