

Town Of North Hampton, NH
Building Committee

Monday September 13, 2021 4:00pm
Minutes

Building Committee Members Present:

Brian Goode: Chairman

Joshua Jeffrey: Vice Chair

Peter Robie: Committee Member

Also present at Meeting: Mike Tully, John Tuttle, John Ricci, Kathryn Mone, Jason Lajoie.

1. Meeting was called to order at 4:00pm and started with the Pledge of Allegiance.
2. The minutes were discussed, edited and approved by the committee members.
3. Representatives of the Heritage Committee were not able to attend the meeting but a letter was forwarded discussing the possible connection of the Old Library to the Stone Building. This letter was read and discussed amongst the Building Committee members. The members agreed the importance of having all the town administration offices back together which is what started the discussion. The topic of ADA compliance for both buildings came up and will need further discussion at a later date.
4. John Ricci will gather information on the integrity and size of both the old library and the Police / Fire Station septic systems as this might impact decisions of an addition to the old library building or a connector from the old library to the Stone Building.
5. John Tuttle handed out a proposed layout of a new Safety facility and it was briefly discussed. It was determined a more in depth discussion will happen after the committee members tour the Rye and Stratham NH safety facilities.
6. The next meeting will be in The Town of Rye touring their safety facility on Wednesday Sept. 15th at 8:00 am.
7. Meeting adjourned at 5:23 pm.
