**APPLICATION FOR SUPPRESSION SYSTEMS
COMMERCIAL COOKING HOOD**

Permit fee \$250.00 payable to "Town of North Hampton"

Permit will be issued upon documentation that the system conforms to NFPA 1, NFPA 17, or NFPA 17A editions as approved and outlined by the system manufacturer. **For a pre-engineered system, an installation manual for the exact make and model system must be submitted with this application for a permit.** Some installation manuals may be available at the Fire Station. Please call in advance to determine if the correct edition is in our archives.

Depending on the scope of work, a code review from a NH Fire Protection Engineer could be required before submittal to the Fire Department.

Application for: Installation Extension Modification Removal

Type of System: Wet Chemical Dry Chemical

System is: Pre-Engineered Engineered

For pre-engineered systems, list page and illustration numbers from the manufacturer booklet.

Drawing showing piping, nozzles, hood, duct, and bottle location, remote pull station, and cooking appliances.

Witnessed acceptance test will be required before system is placed into service. Please specify type of test that will be performed.

THIS IS NOT A PERMIT: No work shall begin until a permit has been issued. All inspections (including progress inspection requests) require a minimum notice of 48 hours.
